

Meeting Title: TANC Meeting

Meeting Date/Time: February 18, 2021 6:30pm

Agenda Topic:	Notes:	Action Items (What, who, timeline, etc.):
LISC Early Action Grant Project Update	<p>Last fall there were several communications/meetings regarding the use of the remaining early action grant funds from LISC. Three top projects voted by the community last fall included:</p> <ol style="list-style-type: none"> 1. Storytelling/Placemaking/Public Art 2. CPTED (Crime Prevention Through Environmental Design) training and Implementation. 3. Clayton La Salle Park Access/Benches <p>A working group was created to begin planning the Storytelling/Placemaking/Public Art Project. Remaining Projects are still on SEND's radar as priorities for the community as the Livability committee decided to dedicate the total remaining early action grant funds to the Storytelling/Placemaking Project.</p>	<p>For more information about this project, and/or to get involved in the planning/execution of the project, reach out Emily Djabi. emily@sendcdc.org 3176345079.</p>
Community Updates	<p>ROW is working along with Christian Park to better understand what the community would like to do in Christian Park. To gather information, they have a survey available in in English and Spanish.</p> <p>Cori Chatterton Community, Wellness Coordinator with Perdue Extension, introduced herself as her focus area is serving Southeast side. She can be reached at: 3177503280 chatter@perdue.edu</p>	<p>Andrea Drygas with ROW provided the survey link.</p>
L.O.V.E. Goals Updates	<p>Community Validation/Approval and discussion of proposed changes. Recap of history of Great Places Strategic Plan was shared: Twin Aire Great Place Strategic Plan was developed with input from the community. Last fall there were several meetings to discuss what needs to be updated and/or removed. Today's</p>	<p>The full plan can be found at: www.sendcdc.org/great-places-2020</p> <p>Next steps after community validation: Any areas that need further discussion will be sent back to Livability Committee. Approved</p>

	<p>meeting is to focus on goals and strategies for Twin Aire/Great Place that were suggested to removed or changed.</p> <p>Community discussed the proposed changes and approved some while sending other back to the Livability Committee for further discussion.</p>	<p>changes will be updated in Insight Vision.</p>

TWIN AIRE NEIGHBORHOOD COALITION MEETING

February 18, 2021

Meeting Agenda:

- L.O.V.E. Goals Updates
 - *Community Approval and Discussion of Proposed Changes*
- LISC Early Action Grant Projects Update
- Get Involved!
 - *We need community members on our L.O.V.E. Committees!*
- Community Updates

L.O.V.E GOALS TWIN AIRE GREAT PLACE

WWW.SENDCDC.ORG/GREAT-PLACES-2020

Livability Proposed Changes

Objective	Strategy	Notes/Comments:
Create a community center	Develop a central community space	This is also listed as a strategy under another objective.
Expand access to art, nature, and recreational opportunities	Create a centralized community gathering space while enhancing connections between open spaces	Is this redundant from above? Is it better to have this as a its own objective, as listed above, or should stay under this objective?
	Offer new recreation facilities and programs	Is this still a priority? -Listed in original plan, but not included in recent tracking of plan progress.

Livability, continued:

Objective	Strategy	Notes/Comments:
Improve public health and safety*	Support Southeast Community Health Task Force and its efforts to expand healthy options	Residents and partners are unaware of this taskforce and if it currently exists. Adjusted language and/or re-engaged partnerships are likely needed if we keep this strategy. Any proposed new language?

The current plan lacks any food access objectives or strategies. Should we re-consider including items focused on increasing food access/availability?

Livability, continued:

Objective	Strategy	Notes/Comments:
Increase connectivity throughout the area	Connect the Pleasant Run Trail	<p>Better definition of what this means should be discussed.</p> <p>Technically the trail is "connected" via the multiuse trail between Southeastern, down Pleasant Run, to Keystone, to Prospect Falls.</p> <p>How can we improve this language?</p>
	Reconnect the urban grid	<p>Re-framing or re-wording this strategy is needed as most people community members and partners alike, don't understand what exactly this means.</p> <p>What other language would be a better fit?</p>
	Work with Blue Indy to explore options for lower cost/affordable car share services	<p>Should be removed from plan?</p> <p>Other new ideas to include in it's place?</p>

Livability, Continued

- Address flooding and drainage issues throughout the neighborhood
- Connect and expand existing bike routes, build new bicycle amenities, and improve bicycle safety
- Create strong connections to transit and provide ample amenities around stops.
- Focus pedestrian infrastructure investments to make neighborhood more accessible
- Improve the Rural/Southeastern/English Avenue intersection

Opportunity

Objective	Strategy	Notes/Comments:
Establish a dense, mixed-use, center of activity	Improve infrastructure	Review committee suggested that this goal be moved to or incorporated with parallel Livability goals
Increase employment opportunities for residents	Leverage the redevelopment of Pleasant Run Crossing as a potential employment generator	Should this be re-worded to better exhibit its intent and to use terms for places as used by community members? If so, what do you propose for new language?

Vitality/Education: No updates or changes proposed.

Continued progress is still needed within all objectives and strategies.

LISC EARLY ACTION GRANT PROJECTS

Project Planning Update

- Top three projects as voted by the community last fall included:
 - *Storytelling/Placemaking/Public Art*
 - *CPTED (Crime Prevention Through Environmental Design) training and implementation*
 - *Clayton/La Salle Park Access/Benches*
- Project planning designated to Livability Committee
 - *A working group was created to begin planning the Storytelling/Placemaking/Public Art project*
 - *Committee decided all funds would be needed to complete this project*
- Remaining projects are still on SEND's radar as priorities for the community.
